Clean code
Strong communication
Attention to detail
Offers solutions
Learns quickly
Adaptable

Hello! I'm Jaymie. I'm a developer with expertise in both email and web development. No matter the project, I focus on detail, clean code, in-depth testing, strong communication with team members, and methodical processes for task and project organization – skills that will be my biggest assets for my next role.

Education

Juno College of Technology
Front End Web Development
2015, 2016 + 2017

**Seneca College of Applied Arts
and Technology**
Graphic Design
2012-2014

University of Toronto
